It would increase the readability of the system it were to be fixed	Low	25 January 2024	1.1.2
BG-0013	Checking Student Prefernce is Working or not	User set Prefernces of company	localhost:3000/AddPreference	TC-0014	1. Go to Student Preference Page 2. Add Student Preference	Preferences form Input	When Student select from Company List , Once a Company is Selected that will not be visible in the next options	Once a company is Selected the selected company is also visible to next options	Major	Open	Server Info: http://localhost:3000/ Windows 11 Microsoft edge	Lomatul Mahzabin	Lomatul Mahzabin	Lomatul Mahzabin			Medium	25 January 2024	1.1.4
BG-0014	Searching Feature of the Students list page	User will be able to search for desired infromation yearwise	localhost:3000/SeeStudents	TC-0015	1. Sign in as Admin (Username: Admin, Password: password) 2. Click the "Student List" from the navigation bar 3. Click the search bar	Input data: "2023"	Show all results regarding that year	Shows nothing	Moderate	Open	Server Info: http://localhost:3000/ Platform: Operating System: Windows 10 Browser: Google Chrome version 100.0.0.0	Mashrur Ahsan	Mashrur Ahsan	Mashrur Ahsan		The user won't be able to search for year wise infromantion. So the user would have to scroll the whole page to find the desired information	Medium	25 January 2024	1.1.4
BG-0015	Student Management System from 'Admin' User	Error Handling in Student Creation - Admin	localhost:3000/AddStudent	TC-0016	1.Log in to the Student Management System as an administrator. 2.Navigate to the "Student Creation" page. 3.Choose the option to upload students via an Excel file. 4.Submit a null file (empty Excel file) or take any action that leads to an error.	Null (empty) Excel file.	When submitting a null file, the system should display a clear and informative error message indicating the nature of the error, such as "No file selected" or "Empty file uploaded"	An error occurred message is displayed, but it does not provide specific details about the error, such as whether the file is null or if no file uploaded	Moderate	Open	Server Info: http://localhost:3000/ Platform: Operating System: Windows 10 Browser: Google Chrome version 100.0.0.0	Zayed Hasan	Zayed Hasan	Zayed Hasan		The lack of detailed error messages may lead to confusion for administrators when troubleshooting issues. Providing specific error messages will aid in diagnosing and resolving problems more efficiently. "It is crucial to enhance the error handling mechanism to provide clear and specific error messages, especially when dealing with scenarios such as submitting null files. This improvement will facilitate quicker issue resolution and improve the overall user experience. Immediate	Medium	25 January 2024	
BG-0016	Check wherther admin can update/modify/insert company details	Update operations of existing Company's contact numbers	localhost:3000/Companyist	TC-0017	1. Sign in as Admin (Username: Admin, Password: password) 2. Click the "Company List" from the navigation bar 3. Click the "Edit" button which can be found under the "Action" column 4. Edit the Contact number	Input data: "01923226942"	The specific company detail will get updated	Company Detail Doesn't Get Updated	Minor	Open	Server Info: http://localhost:3000/ Platform: Operating System: Windows 10 Browser: Google Chrome version 100.0.0.0	Mashrur Ahsan	Mashrur Ahsan	Mashrur Ahsan	Contact Number 019232894E	User might want to change the company details. In this case that detail is contact number. A contact number might get changed or it might not be in use anymore. So there's a need to modify the existing contact number.	Low	25 January 2024	1.1.3
BG-0017	Checking all required Inputs are filled or not in the Student Preference	Student Prefernce	localhost:3000/AddPreference	TC-0018	1. Go to Student Preference Page 2. Click on Send Button	No Input in the Form	Should Give User a Message to fillup the required Informations	The Null preferences are accepting and successfully added to database	Major	Open	Server Info: http://localhost:3000/ Windows 11 Microsoft edge	Lomatul Mahzabin	Lomatul Mahzabin	Lomatul Mahzabin		User can Submit their Preferences without fill uping any feild of the prefernces . User myb accidently click on the submit button . There should be a warning message	Major	25 January 2024	1.1.4
BG-0018	Notification Sent Without Attachments or Conten	Send Notification Page	localhost:3000/SendNotifi	TC-0019	1. Navigate to the Send Notification Page. 2. Observe the options to attach email, links, or files. 3. Click on any of the icons without selecting any attachments or content. 4. Verify if a notification is sent.	No attachments or content selected.	The system should not send a notification if no attachments or content are selected.	Clicking on one of the icons (email, links, or files) sends a notification even without selecting any attachments or content.	Major	Open	Server Info: http://localhost:3000/ Platform: Operating System: Windows 10 Browser: Google Chrome version 100.0.0.0	Zayed Hasan	Zayed Hasan	Zayed Hasan		This issue poses a risk of unintended and premature notification sending. The behavior should be such that a notification is sent only after selecting attachments or content.	Major	25 January 2024	
BG-0019	Check wherther admin can update/modify/insert company details	Insert new company details to empty fields of the already inserted companies	localhost:3000/Companyist	TC-0020	1. Sign in as Admin (Username: Admin, Password: password) 2. Click the "Company List" from the navigation bar 3. Click the edit button which can be found under the "Action" column 4. Insert New values for Contact Numbers	Input data: "01437582312"	The specific company detail will get updated	Company Detail Doesn't Get Updated	Minor	Open	Server Info: http://localhost:3000/ Platform: Operating System: Windows 10 Browser: Google Chrome version	Mashrur Ahsan	Mashrur Ahsan	Mashrur Ahsan	01437582312	User would want to insert contact numbers of the companies. Company's contact number is important for contacting companies of this Internship management system . So there's a need to insert contact number if the filed is empty.	Medium	25 January 2024	1.1.3
